CyberBullying

Parent Tips - Cyberbullying

- Do Not Erase, Omit or Alter Texts or Emails – This is Your Evidence
- Copy and Paste the URL and Provide to the School
- Teach “Netiquette” – Online Manners
- Teach Them to Be Aware of Trolling Activities and Strategies
- Do Screen Shots of Social Network Sites and Save as Evidence

CyberBullying

Regardless of whether colleges look at your social media accounts, your future employers will, and so you should always be mindful and careful about what you post AND what others post on your social media accounts.

Social media is like a tattoo that is always visible no matter what you wear and one that is extremely hard to erase because people can either download content or screenshot things. This can either work to your advantage or against you so be a bit careful about it.

Digital Citizenship

- Comprehensive K-12 Curriculum
- Developed in partnership with Project Zero at the Harvard Graduate School of Education
- Designed to develop both necessary skills and essential habits of mind for Digital Citizenship
- Covers 6 Key Areas of Digital Citizenship

Digital Citizenship

Students

- All students participate
- Use of technology to participate in their learning

Parent Feedback - Group 1

What can **we** do to help you and your student feel safe in the digital world?

- Pleased with the parameters that we've set in CNUSD
- Appreciated the digital citizenship presentation
- like CommonSense media
- ease of checking site history - how can we check as parents our child's history?
- platforms where we can be notified if our child is on a site they shouldn't be on

What can **we** do to support parents in the area of Cybersafety and Digital Citizenship?

-

Parent Feedback - Group 2

What can **we** do to help you and your student feel safe in the digital world?

- What does the school district offer parents to help monitor/track their child's use of their cell phones? Example - Safer Text for iPhones. Is there anything for android and instagram/snapchat.
- Teachers ask kids to download things, sometimes kids want to do it on their phones. How do parents know if it is safe? Parent is pleased with what the district is doing to protect their kids.
- How do teachers manage/watch their classes so that kids are not cruising bad websites when they should be engaged in classroom instruction.

What can **we** do to support parents in the area of Cybersafety and Digital Citizenship?
